## SCOR-ENTERPRISE PROGRAM

### Ethical, Economic and Ecological Supply Chains

Gain a competitive edge through successful completion of ASCM's corporate supply chain designation program – Supply Chain Operations Reference for Enterprises (SCOR-E). The SCOR-E program aims to empower organizations to reach goals, improve results and be more competitive in today's global business world.

### The SCOR-E framework

The framework consists of three dimensions that represent specific aspects of an organization's supply chain,- Ethical, Economic and Ecological. Each dimension contains key considerations within specified areas of supply chain processes, based on the SCOR Model: plan, source, make, deliver and return.

### Achieve Supply Chain Excellence

Earn the SCOR-E designation to demonstrate that your organization is meeting the consumer demands of today's global supply chain. Achieve the ultimate mark of excellence proving that your company's supply chain is Ethical, Economic and Ecological.
